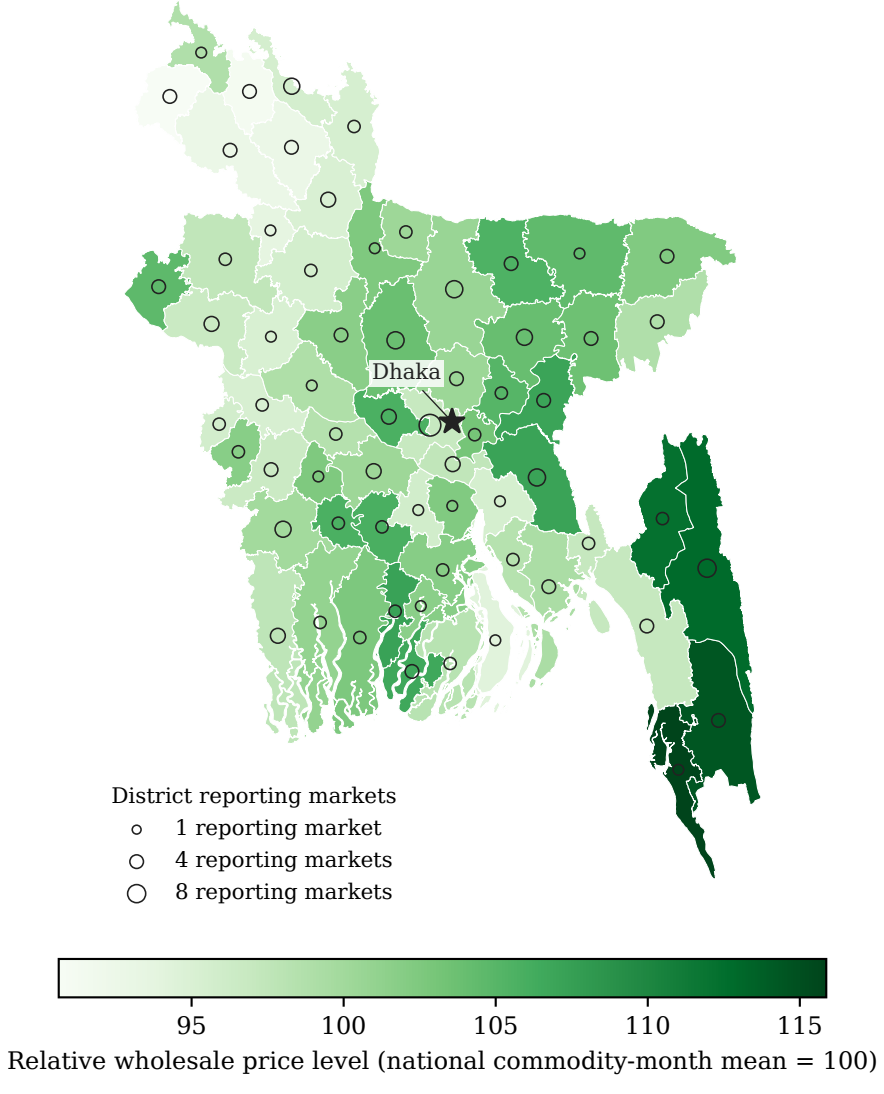

Figure 1. Districts, reporting markets and relative wholesale price levels, 2000-2026

Circles sit at district centroids (market geocodes are not available in the DAM data); size = number of distinct reporting markets, 2000-2026.
Shading: district mean of ln price deviations from the commodity x month national mean, baseline sample. Sources: DAM/MOA wholesale prices; ERA5-Land and ERA5 (ECMWF/C3S); CHIRPS v2.0; GADM 4.1.
