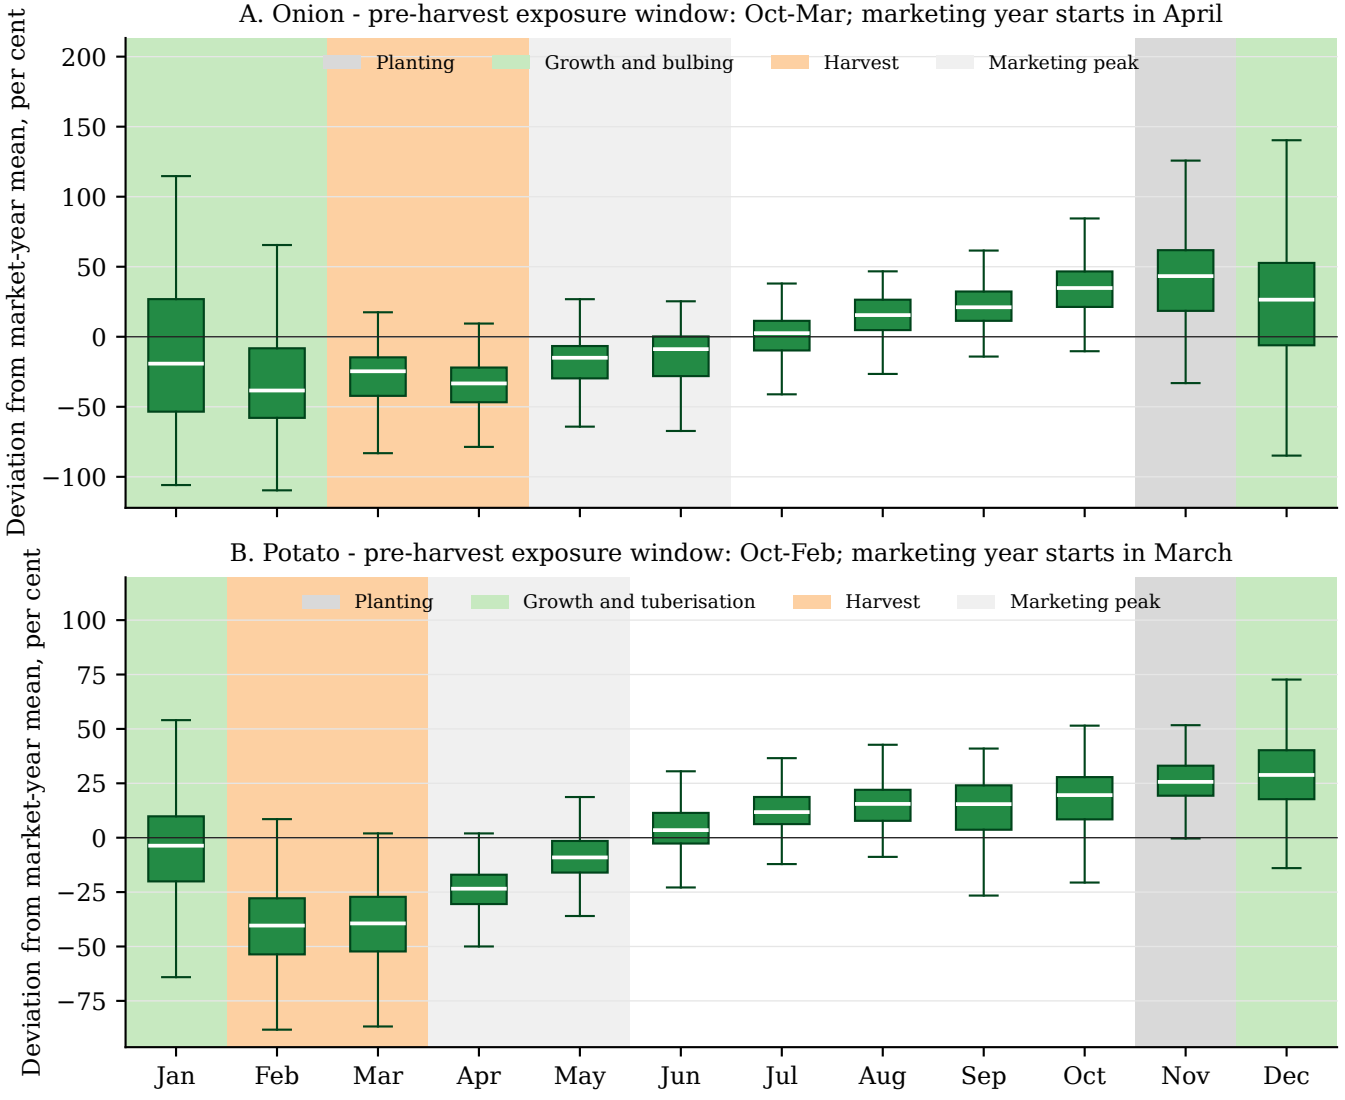
Figure 4. Seasonal wholesale price pattern and the rabi crop calendar



Boxes: inter-quartile range and median of 100 x (ln price - market x commodity x calendar-year mean) for series with at least 10 months in the year; whiskers 1.5 x IQR; outliers not drawn.
October is land preparation (unshaded). Sources: DAM/MOA wholesale prices; ERA5-Land and ERA5 (ECMWF/C3S); CHIRPS v2.0; GADM 4.1.
